DETAILED ACTION

The Amendment, filed on July 17, 2006 has been entered and acknowledged by the Examiner.

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Ms. Penny Caudle on September 25, 2006.

The application has been amended as follows:

In the Claims

Claim 4 line 11, 'a diamond-like carbon film' has been replaced with -- a non-insulating diamond-like carbon film ---.

Claims 14-18 directed to an invention non-elected without traverse have been cancelled.

Allowable Subject Matter

Claims 4-13,19 and 20 are allowed over the prior art of record.

The following is an examiner's statement of reasons for allowance:

Regarding claim 4, the references of the Prior Art of record fails to teach or suggest the organic light-emitting display apparatus having combination of the limitations as set forth in claim 4, and specifically comprising the limitation of a non-insulating diamond-like carbon film interposed between the first conductive layer and the second conductive layer and electrically connected between them.

Regarding claims 5-13 and 19,20, claims 5-13,19,20 are allowable for the reasons given in claim 4 because of their dependency status from claim 4.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
